

JD4201A

General Purpose Monofilament Tape

Description:

JD4201A is a general purpose unidirectional filament tape based on glass filaments laminated to polyester film. The tape is used for industrial bundling, palletizing, and fixing applications.

Features:

- Tear-resistant.
- Excellent adhesion to a variety of corrugated and solid board surfaces.
- Very high tack and a short dwell time until reaching final adhesive power.
- Combine good longitudinal tensile strength with very low elongation.

Application:

- Bundling and palletizing
- Heavy-duty carton sealing
- Transport securing
- Fixing
- End-tabbing

Jiuding Tape

Technical Datasheet

Specification:

Backing: Polyester film+glass fiber
Adhesive Type: Synthetic Rubber
Color: Clear
Total Thickness (μm) : 105
Initial Tac: 12#
Holding Power: >24h
Adhesion to Steel : 25N/25mm
Breaking Strength: 450N/25mm
Elongation: $\leq 6\%$
