

# JD4206

Filament Reinforced Paper  
Electrical Tape

## Description:

JD4206 is made of an electrical-grade paper backing reinforced with scrim glass filaments. It possesses puncture resistance, wear resistance, and resistance to edge tearing, high tensile strength, suitable for use as a coil cover. It withstands temperatures up to 105 °C.

## Application:

Covering and bundling for various coil/transformer and motor applications.

## Storage:

When stored under controlled humidity conditions (10°C to 27°C and relative humidity <75%), the shelf life of this product is 12 months from the date of manufacture.

## Contact:

Address: No.1 East Zhongshan Road, Rugao City, Jiangsu, China

# Jiuding Tape

Technical Datasheet

## Specification:

Backing: cellulosic paper + fiberglass filament

Non-Adhesive

Thickness (μm) : 170

Break Strength(N/inch): 600

Elongation (%) : 5

Dielectric Breakdown: ≥9KV
