

JD4321H

Unidirectional Filament Tape Clean Removal

Description:

JD4321H a high-strength, polyester backed, fiberglass reinforced mono filament tape. The pressure sensitive adhesive is specifically formulated to provide high adhesion, clean removal, and stain resistance on most finishes.

Features:

- Clean Removal
- Excellent adhesion to a variety of corrugated and solid board surfaces.
- Tear-resistant.
- Very high tack and a short dwell time until reaching final adhesive power.
- Combine good longitudinal tensile strength with very low elongation.

Application:

- Temporarily hold appliance parts and other consumer goods together during manufacture and shipping
- Temporarily binding for pipe insulation process
- Transport securing

Jiuding Tape

Technical Datasheet

Specification:

Backing: Polyester film+glass fiber
Adhesive Type: Synthetic Rubber
Color: Clear
Total Thickness (μm) : 160
Initial Tac: 12#
Holding Power: >24h
Adhesion to Steel : 13N/25mm
Breaking Strength: 900N/25mm
Elongation: $\leq 6\%$
