

JD6221RF

Fire-retardant Double-Sided Filament Tape

Description:

JD6221RF is a fire-retardant high strength bi-directional double-sided filament tape. Extremely high tack double sided tape with fiberglass filaments embedded into the adhesive to create a high tensile strength and shear stability. Fiberglass and fire-resistant adhesive provide the tape with excellent fire-retardant properties. Especially suitable for stabilizing fire-proof sealing profiles/strips and applications where

Features:

- Excellent adhesion to a variety of corrugated and solid board surfaces
- Excellent fire-retardant properties
- High ageing resistance
- Tear-resistant

Application:

- Sealing strip of doors, windows where flame retardant feature
- Sporting Mat
- Bonding in aircraft cabin interior
- Assemblies in trains
- Marine applications

Jiuding Tape

Technical Datasheet

Specification:

Backing: Glass fiber
Adhesive Type: FR Acrylic
Color: Clear with filaments
Thickness (μm) : 150
Initial Tac: 12#
Holding Power: >12h
Adhesion to Steel : 10N/25mm
Breaking Strength: 500N/25mm
Elongation: 6%
Flame Retardancy: V0
