

JDM75

MOPP Tape

Description:

JDM75 is a 75 micron tensilized MOPP film coated with a natural rubber adhesive system. Designed for temporary holding of plastic parts, glass shelves and bins during transport of refrigerators and home appliances. Clean removal from many different

Features:

- Good adhesion and cohesion
- High tensile strength and low elongation
- Clean removal from ABS, stainless steel, glass, painted steel

Application:

- Home appliance industry
- Glass industry
- Automotive industry

Jiuding Tape

Technical Datasheet

Specification:

Backing: MOPP Film
Adhesive Type: Natural Rubber
Color: Light Blue
Total Thickness (μm): 75
Holding Power: >48h
Adhesion to Steel: 7N/25mm
Breaking Strength: 450N/25mm
Elongation: 30%
